Description			
Make a vrspace bot at botlibre.com and enable it by default for local development. https://www.botlibre.com/api.jsp			

History

#1 - 06/06/2022 02:22 PM - Josip Almasi

- Status changed from *New* to *In Progress*

#2 - 06/16/2022 12:13 PM - Josip Almasi

- Status changed from *In Progress* to *Resolved*

Integrated as much as can be done for the time being.

Bot can respond with and recognize 20 'emotions'. This can be mapped to trigger appropriate animations, but there's none.

#3 - 06/22/2022 10:04 AM - Josip Almasi

- Status changed from *Resolved* to *Closed*

Side effect was messed up OpenVidu tokens. Took some more work to do it properly and safely, so that tokens don't leak over network. So there's two jackson serializers now, in order to process Private annotation as intended.
