Description			
<p>We have tomcat 9.0.54 embedded, comes with spring boot. Connection from oculus kills it:</p> <pre>class org.apache.coyote.http2.RecycledStream cannot be cast to class org.apache.coyote.http2.Stream (org.apache.coyote.http2.RecycledStream and org.apache.coyote.http2.Stream are in unnamed module of loader org.springframework.boot.loader.LaunchedURLClassLoader @619a5dff)</pre> <p>A number of http/2 related changes happened since, upgrade may help: https://tomcat.apache.org/tomcat-9.0-doc/changelog.html</p>
