

VRSspace.org - Bug #166

external neo4j database

05/03/2023 09:22 PM - Josip Almasi

Status:	Closed	Start date:	05/03/2023
Priority:	Low	Due date:	
Assignee:	Josip Almasi	% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:		Spent time:	0.00 hour
Description			
<p>The server can be configured to use external, stand-alone neo4j database server, rather than the embedded one. This used to work but most likely doesn't work any longer, due to internal component dependencies:</p> <pre>@DependsOn({ "database" }) while in Neo4JConfig @ConditionalOnProperty("org.vrspace.db") @Bean("database")</pre>			

History

#1 - 12/18/2023 04:39 PM - Josip Almasi

- Status changed from New to Resolved

- Assignee set to Josip Almasi

Easy fix, though external database has to be exact same version as the embedded one: 4.3.6

#2 - 01/03/2024 06:33 PM - Josip Almasi

- Status changed from Resolved to Closed
