<b>Description</b>			
Babylon advanced dynamic texture is texture, and overlaying transparency does not work well. Need a dedicated component like one that is used to display chat in avatar.js. Splitting long lines etc.			

#### History

TextWriter, babylon/ui/text-writer.js

##### #3 - 01/21/2022 11:39 AM - Josip Almasi

this does work but is quite slow, especially on low-end devices (oculus quest)  
we still need advanced dynamic texture as fallback
